

# Youth Interested in Early Child Development

---

The Council for Early Child Development is looking for youth interested in learning more about the Council and early child development research, policy and practice.

Interested individuals will have the opportunity to meet during a pre-conference session at the upcoming conference, *Putting Science into Action, Equity from the Start Through Early Child Development* in Sackville, NB, May 13-15th, 2009.

If you are interested in attending the pre-conference session, becoming involved in a Youth & Early Child Development network, or to receive updates on future developments in this area, please contact Maddison Spenrath:
